USE OF PROMPTER:

each time a student uses the prompter, 3 POINTS will be deducted from the final accuracy score.

! ACCURACY JUDGE: Follow along with the text of the poem as the competitor recites. Mark the text each time there is an error in accuracy. you may want to mark all minor inaccuracies the same (since each is worth a 1 point deduction), and flag the bigger mistakes differently. After the recitation, use the guidance below to assign a point deduction to each mistake. to get the final accuracy score, count up the point deductions, and subtract them from the maximum score of 8 points.

Example: if the competitor repeated a word (-1 point), confused an article (-1 point), and skipped one line (-3 points), that would be 5 points subtracted from the maximum score of 8. the final accuracy score would be 3 points.
